

LOCAL MATTERS.

The Weather Probabilities. Sept. 9, 1881.—For the Middle Atlantic States, steady weather with rain, easterly backing to northerly winds, lower barometer, and stationary or lower temperature.

THE NATIONAL REGATTA.—The first day's races of the ninth annual regatta of the national association of Amateur Oarsmen took place yesterday afternoon on the Potomac, at Washington, the course being from a point near the U. S. street wharf down the river one mile and a half. All the races were rowed over the same course, the start being at the lower end, thus making all races fairly in front of the western shore of Annapolis Island. There was a good attendance, but the crowd was nothing like as large as was expected. The condition of the President and the intense heat of the day are looked upon as the causes operating to prevent a large turnout. The races began at 1 o'clock and continued until 6:30 in the evening, a race being run every half hour.

There were in all nearly fifty clubs represented, coming from all sections of the country, besides several clubs from Canada.

All the leading amateur oarsmen of the country are in Washington.

The first heat for double sculls was won by the Pawtucket Club, of Pawtucket, R. I., the Nationals, of Albany, second. The second heat was won by the Athletics, of New York, the Nationals, of Albany, second.

The first heat of the single sculls regatta was taken by A. T. O'Brien, of Boston, Mass., the second by F. G. Apple, of Pawtucket, R. I., third by Wm. H. H. of Albany, N. Y., and fourth by C. Schwabert, of Detroit, Michigan.

The first heat for four oars was won by the Hillsdale Club, of Michigan; the second heat by the Minnesota, of St. Paul, and the third by the Elizabeth four, of Norfolk.

The first heat in the senior single scull was won by John Backus, of Portland, Me., the second by A. D. Denny, of Portland, Me., the third by A. D. Denny, of Portland, Me., the fourth by A. D. Denny, of Portland, Me.

The deciding heat was rowed to day over the same course in the presence of a large crowd, many from this city being present. The six and eight oared races also took place.

The members of the O. D. Dominion Boat Club, who left here yesterday at 12 o'clock on the steam tug Potomac, accompanied by their lady friends, returned home last night much pleased with their trip.

PERSONAL.—Mr. Alexander Murray, formerly of this city, but now of Memphis, Tenn., is visiting at the residence of his brother, Mr. Wm. Murray, on King street.

Mr. Miller, of the Iron Ridge Barge, is in the city.

Miss Willis Briggs left this morning for Orange county, N. Y., where she will spend several months with her sister, Mrs. Melville Lindsay.

Mr. and Mrs. Ames Shymers left yesterday for Ocean Grove and New York.

Hon. B. F. Jones, U. S. Senator from Louisiana, was in the city this morning, for the purpose of entering his two sons at St. John's Academy.

Mr. Wm. E. Kendall, after a month's pleasant sojourn in lower Maryland, has returned to the city much improved in health.

Messrs. Landon Kent and J. S. B. Thompson are at the White Sulphur Springs.

Mrs. Virginia C. Neal has returned home from the Montgomery White Sulphur Springs.

Captain E. T. Hawks is spending a few days on the Hudson.

Misses Ann and Matt Washington, who have been at the Montgomery White, have returned home.

A BAD SAILOR.—Edward Kelly, the notorious sailor from the British bark Lottie Stewart, who created such an excitement on the wharf yesterday morning by his wild assault on Capt. Johnston, continued his viciousness in the vessel lying in the stream last night. When taken aboard the vessel yesterday morning he was heavily intoxicated, and last night was placed in the carpenter's shop, where he had been left by accident to sleep. With this exception, and one or two other incidents, Kelly broke open the door of the room and did considerable damage before he could be overpowered. This morning Kelly, after going to work but the mate of the vessel, preferred to wait until he got him out of the vessel's services.

Yesterday afternoon a sailor on the bark was allowed to come ashore. In this city he got so intoxicated that when taken back to the vessel he had to be hoisted over the rail by means of a block and tackle. Seeing the sailor dangling in the air the crowd on the wharf supposed that a man was being hanged for matting.

STRANGE APPEARANCE OF THE HEAVENS.—For the past two days the heavens, a clear and bright day, have presented a strange appearance which has been generally commented upon. Yesterday the Sun, which rules the day, was of a silvery hue, and the whole sky assumed a similar tint. Last night the full moon, with a clear sky, gave a very pale light. To day has been dark and foggy. Although it has been oppressively warm the mercury in the thermometer has only registered 85 degrees. The two comets which have recently made their appearance in the northwestern sky are held responsible by many for the continued dry weather, and oppressive heat, and all the other strange things that have happened lately. The present so far is said to be the warmest September known for many years.

CORPORATION COURT.—Judge A. W. Chilton presiding. (Continuation of yesterday's proceedings.)—Hodgkin et al. vs. Hodgkin et al.; chancery; report of J. B. Hodgkin, commissioner of sale, filed, and decree confirming same, and directing conveyance to be made to purchaser.

Upon the application of Elizabeth Monroe the court appointed Samuel L. Monroe her trustee under the will of Jas. D. Harrison in place of Elizabeth Harrison deceased.

To-day.—Hodgkin et al. vs. Hodgkin et al.; chancery; report of commissioner of sale filed, and decree confirming same.

ANOTHER WHISKER CASE.—A small colored boy, living with a family in the 1st ward, while asleep on Wednesday last, last night, had let his ear badly cut by some unknown person. The boy, when he fell asleep, was surrounded by a number of other colored boys. When he was awakened by pain, he found himself alone. Blood was flowing profusely from a deep gash in the top of his ear. He went to a drug store and had his injured ear attended to. The boy had a difficulty with some colored companions a short time ago, and it is supposed they took this method of revenge.

THE IRON WORKS.—The "fan," which arrived a few days ago, and the boiler, which arrived from New York at the works of the Potomac Manufacturing Company, in this city, this morning, will be immediately put in position, and it is thought that one furnace of the establishment will be in operation in a short time.

THE CANAL.—No boat has passed Orleans, on the Chesapeake and Ohio Canal, since Friday last, owing to low water. They will not be able to get away from that point until being flushed over by one level being filled by the water drawn from the other, until rain comes.

The drought in the surrounding country is so severe, and water so scarce, that merchants in this city are receiving orders for supplies of corn meal for daily consumption.

LOCAL BRIEVITIES.

There were no cases at police headquarters to day.

During the past few days a number of small snakes have been caught in the gutters on Union street.

There was a short session of the Corporation Court yesterday. Judge Chilton presided and transacted all the business brought before him.

John B. Syphax, colored, has been appointed by Col. Brady, Congressional canvasser, for the Mahone roadster party, for this district.

The water in Cameron Run is very low, but there is a sufficient quantity in the reservoir of the Alexandria Water Company to supply the city, not enough however to warrant any waste.

Marriage licenses were issued in Washington yesterday to John T. Roberts and Lillie Datta, both of this city; John R. James and Sarah J. Williams, both of Prince George's county, Md.

The Clerk of the City School Board has granted to day 255 permits for colored children to enter the public schools. To-morrow will be the last opportunity until September 19 to obtain permits.

A regular meeting of the Alexandria Reform Club will be held to night. Rev. Mr. Kern, of the M. E. Church South, will address the Club. Other speakers are also expected to be present.

A meeting of the stockholders of the Exchange Building Company will be held, as will be seen by notice elsewhere in to day's Gazette, in the rooms of this Company, Monday, October 10, for the transaction of some important business.

L. J. Young, a sample merchant from Baltimore, was arrested this afternoon for doing business without a license, and taken before Justice Thompson, who held him for his appearance before the Mayor to-morrow morning. A roadster sample merchant, for the same offence, was also arrested this afternoon. He will have a hearing before the Mayor to-morrow.

A meeting was held in Arlington, Alexandria county, last night, at which a committee, consisting of J. H. Sutherland, J. E. Peabody, J. W. Slater, H. Hatch, A. B. Grunwell and R. G. Cunningham, was appointed to petition the Legislature, at its next session, to cede a portion of Fairfax county to Alexandria county. Other committees were appointed to confer with the Supervisors in regard to a reduction of the present county levy.

A young colored man from the country, who had gotten into some difficulty over a two cent watermelon, and lost all the small change he had about him, went into the commission house of Messrs. Beckham & Co. yesterday morning to negotiate for a loan of five cents. His attention was called to a pile of bagged grain, and he was informed if he would carry the bags up stairs he could secure the desired amount. He took the grain, carried fifteen bags from the first to the second floor of the establishment, received his pay and went away happy. This is a case worthy of record.

MONETARY AND COMMERCIAL.

The great drought continues, and its consequences are becoming more and more serious, the disaster to the growing crops of all kinds being supplemented by extensive fires in various parts of the country, doing incalculable damage. The scarcity of water, too, is most distressing in many places, and unless the "spell" is broken the consequences will be fearful. Of course, business is considerably affected by the present state of affairs, and the outlook is less hopeful than a week ago. The tremendous accumulation of grain in the great centres, with the advance in storage charges and the speculation in "futures" has had a bad effect, unsettling prices and causing a very uneasy condition of the market. In money matters there is a lull, the demand being limited, and the banks in condition to supply all legitimate wants. In Baltimore the money market is less sharp. The banks report a good offering of paper, and the business is made at 6 per cent. Some engagements on cheap call have been made with private parties at something less, say 5 per cent for loans. Virginia consols are steady at 78 3/4; 10 1/2 a fraction easier, \$25,500 changing hands yesterday at 62 1/2. U. S. bonds are steady. Railroad shares are dull and nominal. B & O sold yesterday at 19 1/2 for 10 shares, a drop of 1/2 since last recorded sale on 20th August. Nothing doing in local stocks or bonds.

The market closes active, and prices for grain are again advancing. Flour is steady and firm at quotations. Wheat is up, but receipts are light, and 12 1/2 bushels sold at 135, 137, 138 and 139 for fair to choice Fultz, and 140, 141 and 142 for Lancaster. Corn continues scarce, and about 200 bushels sold at 85 for white, which is another advance. Rye and Oats are firm at quotations. Country produce is scarce and wanted at better prices than for some weeks. Bacon is higher.

RICHMOND MARKET, Sept. 8.—The market is somewhat unsettled, and the "water" factor is trenching upon the capabilities of the mills. Flour in demand and rapidly advancing; quotations are from 10 1/2 to 11 1/2 for family brands. Offerings to-day of about 3000 bushels of Wheat, with sales at 11 1/2 to 12 1/2 for Lancaster, and 12 1/2 to 13 1/2 for Fultz, and 13 1/2 to 14 1/2 for Corn. Very scarce and a few bags sold at 57 for prime. Sales of prime winter Oats at 18 1/2, and spring at 18. Some 100 bushels of Rye brought 130.

LYNCHBURG MARKET, Sept. 8.—The market is somewhat unsettled. Flour firm with small stock and quotations from 64 1/2 for best family brands. Wheat has further advanced in prices being now quoted at 12 1/2 to 13 1/2 for Fultz and 12 1/2 to 13 1/2 for Lancaster. Corn scarce and in demand at 84 1/2 for mixed and 85 1/2 for white. Oats very scarce at 47 1/2 for spring and 46 1/2 for winter. Rye nominally 90 1/2. The continued drought causes a feverish feeling in the tobacco market, and prices for all grades are upward in their tendency. Lugs are active and much wanted, common and medium dark tobaccos are firm, as well as the corresponding grades of bright. Fine shipping in demand; fine wrappers are scarce and high. Unpromising reports in regard to the disastrous effect of the dry weather on the crop continue to come in, and the damage is represented to be very great.

FREDERICKSBURG MARKET, Sept. 8.—The market is quiet. Flour firm at 67 1/2 to 70 for fine to choice now process family. Wheat unsettled but quiet at 13 1/2 to 14 1/2 for good to choice Lancaster and 13 1/2 to 14 1/2 for Fultz. Corn scarce and quiet at 54 1/2. Rye nominally 84 1/2 and Oats at 45 1/2.

BALTIMORE SUGAR AND COFFEE MARKET.—SUGAR.—The market for raw Sugars at New York is active and firm, and fair to good prices are quoted at 7 1/2 to 8 1/2 for Central and 8 1/2 to 9 1/2 for Porto Rico. For refined Sugars the market is quiet but firm, with prices steady, as follows: Cut loaf 10 1/2; crushed 10 1/2; powdered 10 1/2; standard A 11 1/2; and yellow 7 1/2.

Coffee.—The market was very quiet, but steady to-day. The stock in first hands is light—only 900 bags—and desirable grades are very scarce and held with firmness. No sales were reported to-day, but we quote as follows, for old and new crop invoices: Ordinary 11 1/2 to 12 1/2; low fair 12 1/2 to 13 1/2; fair 13 1/2 to 14 1/2; good 14 1/2 to 15 1/2; and prime 15 1/2 to 16 1/2.

BALTIMORE CATTLE MARKET, Sept. 8.—Beef Cattle.—The New York market on Monday was higher for best grades only, and yesterday had further improved for the same kinds. Sheep and Lambs.—There have been no arrivals since Monday, and there now in the yard number about 60 head. Trade has been dull and prices unchanged.

Hogs.—Trade has been fair for good Hogs, but common have been very dull. We have no change to record in prices since Monday; quotations ranging from 7 1/2 to 8 1/2 for the latter price, as nearly all the best Hogs have been sold.

CHICAGO CATTLE MARKET, Sept. 8.—Hogs.—Market steady and firm, with a fair demand, except for poor, which are weak. Mixed packing 4 1/2 to 5 1/2; light 4 1/2 to 5 1/2; choice heavy 6 1/2 to 7 1/2.
